VIRTUAL StrongBox™

Transform Business Banking Experiences with our Digital Vault Platform

Platform Benefits

- Replacement for non-FFIEC solutions like Sharefile, DropBox, Box and others
- 40 APIs for workflow automation
- Vault-to-vault exchange of folders and files
- Collect, share, and store files via mobile device

SMB Customer Benefits

- Business Digital Vault to share files with external 3rd parties like investors or CPA
- Business continuity service for SMB customers to backup sensitive files
- Exchanging ongoing financial files in business loan servicing

Financial Institution Benefit

- Send SMB reports, receipts, and files via API
- Auto-add welcome packages and disclosures to vaults
- Collect files post-loan in business lending
- Aggregate files from 3rd partner vendors and delete the external copies
